Report of the events conducted in 2018-2019

Cyber Security seminar were conducted to create awareness about various cyber-security crimes as a social initiative. Cyber Security were highlighted as a major man-made disaster of the current era and KJSCE would like to take our share of contributing back to our society by extending the technical help. Cyber Security involves protection of sensitive personal and business information through prevention, detection and response to different online attacks. The main points covered in the events were

- Introduction to cyber security,
- Global price tag of consumer cyber crime,
- Types of cyber crime: Phishing, Ransomware,
- ATM Frauds,
- Social Engineering,
- Cyber Stalking and Bullying,
- Steps to prevent cyber crimes: Strong Passwords, Activate your firewall, Antivirus Software, Secure your wireless networks.

Response of the Audience

- ✓ The audience were quite enthusiastic about the technical aspect of cyber security.
- ✓ They were already aware of things like using email, software and other social networking sites.
- ✓ They asked several questions regarding how to keep privacy on social media and how they can protect their private data.
- ✓ The events were a success and all the attendees were keenly listening to the presentation given by the
- ✓ Outreach team.
- ✓ They were happy to gain the knowledge and were pretty pleased by our initiative.
- ✓ They were interested to have one more seminar with same subject for their friends and family members who couldn't attend.
- ✓ They also asked questions regarding the precautions that should be taken while doing online transactions and online buying and selling apps and using social media (i.e Amazon, Flipkart, Instagram, Facebook).

Participants –

- Students and faculty
- Doctors, Nurses and Staffs
- Homeguard Officers
- Office Employees

In our 16 Events and seminars conducted throughout the academic year of 2018-19, we had a footfall of around 800-900 active participants
