

**Research Projects Completed
Jan 2021 - Dec 2021**

Department	Month	Title of the research project	Names of faculty members from the department participating in the Research Project
Anatomy	Jan - May 2021	1. Cadaveric study of an accessory lobe of liver and its clinical significance	1. Dr. S. P. Sawant, Dr. Shaheen Rizvi
Anatomy	Jan - May 2021	2. An Anatomical Study of Lumbosacral Transitional Vertebra	2. Dr. Shaheen Rizvi, Dr. S. P. Sawant
Anatomy	Jan - May 2021	3. Coccygeal Sacralisation – A Study	3. Dr. Shaheen Rizvi, Dr. S. P. Sawant
Microbiology	Jan - May 2021	Study of Nonalbicans Candida species in various diseases	Dr Vidya Shetty, Dr Sapna Malik, Dr Jyothiratha Bangera
General Medicine	Jan - May 2021	Etiology and Clinical Profile of Patient with Congestive Cardiac Failure	Dr.Nikhil C/Dr.Niharika Gill
General Medicine	Jan - May 2021	Cardiac Dysfunction in Diabetic Mellitus Patients	Dr.Anandu P/ Dr. Amar Pazare
General Surgery	Jan - May 2021	"A Comparative Study on the Effectiveness of Dressing with Autologous Platelet Rich Plasma v/s Conventional Dressing in the Management of Chronic Non-Healing Wounds"	Student Dr. Vinal Mehta /PG Guide Dr. Nilay Chakrabarti
General Surgery	Jan - May 2021	"A Comparative Study Between Laproscopic Transabdominal Preperitoneal Plus Repair Versus Laproscopic Intraperitoneal Onlay Mesh Plus Repair For Ventral Hernia"	Student Dr. Navin Prakash /PG Guide Dr. Tilakdas Shetty
Orthopedics	Jan - May 2021	Incidence of Triangular Fibrocartilage Complex Injury in Distal Radius Fracture and its Effect on Outcome after Fracture Healing	Student Dr. Pankaj Dagar/PG Guide Dr. Tushar Singhi
Anesthesia	Jan - May 2021	Comparison of I-Gel and LMA Supreme in patients undergoing elective surgeries under general Anaesthesia - A Prospective randomised study.	Student Dr. Durgesh Bankar / PG Guide Dr. Sarla Pandya
Anesthesia	Jan - May 2021	Control of post - spinal anaesthesia shivering with IV Tramadol V/S IV Dexmedetomidine - A Prospective comparative randomised controlled trial study.	Student Dr. Darshana Udupurkar / PG Guide Dr. Chaula Doshi
Pediatrics	Jan - May 2021	Effect of malnutrition on blood pressure and renal function in children.	Student : Dr Swapnali Mirajkar/PG Guide: Dr. Varsha Phadke
Pediatrics	Jan - May 2021	Assessment of outcome of perinatal asphyxia at 24 months of age and correlation with serum LDH levels on day 1 of life.	Student : Dr Vaibhavi Jaywant/PG Guide: Dr. Sujata Kanhere
Obstetrics and Gynecology	Jan - May 2021	Association of colour doppler indices with perinatal outcome among clinically diagnosed IUGR fetuses	Dr. Manan Sheth / Dr. Kirti Bendre
Obstetrics and Gynecology	Jan - May 2021	Advanced maternal age : Maternal and perinatal outcome	Dr. Pooja Sharma / Dr. Kamlesh Chaudhari
Obstetrics and Gynecology	September 2021	Association of colour doppler indices with perinatal outcome among clinically diagnosed IUGR fetuses	Dr. Manan Sheth / Dr. Kirti Bendre
Obstetrics and Gynecology	September 2021	Advanced maternal age : Maternal and perinatal outcome	Dr. Pooja Sharma / Dr. Kamlesh Chaudhari
